

Speech-Language Pathology Essentials

Earn Affordable Credit in Online SLP Courses Taught by Instructors from No. 1 Program in California

Getting prerequisites for a Speech Language Pathology graduate program is convenient and affordable with San Diego State University's online Speech-Language Pathology Essentials program.

At only \$317 per unit, the eight-week courses are taught by lecturers from SDSU's Speech Language and Hearing Sciences department — ranked No. 1 in California and No. 24 in the nation by *U.S. News & World Report*.

Student Testimonial

"Though initially I was quite intimidated about taking my first online course ... I instantly began to feel like I belonged to an intimate, close-knit community of members bound together by the shared motivation to learn, explore, and grow in the field of language and communication disorders." — **Olivia Collins**

Last day to register is the first day of class.

Spring 2019 Session 2 (March 4–April 28)

- SLHS 320 Phonetics (3 units)
- SLHS 513 Foundations of Speech-Language: Development (4 units)
- SLHS 340 Principles of Audiology (3 units)

Summer 2019 Session 1 (April 29–June 23)

- SLHS 300 Introduction to Language Science (3 units)
- SLHS 321 Anatomy and Physiology of Speech (4 units)
- SLHS 514 Foundations of Speech-Language: Differences and Disorders in Children (3 units)

Summer 2019 Session 2 (June 24–August 18)

- SLHS 320 Phonetics (3 units)
- SLHS 539 Neuroanatomy and Disorders of Speech and Language (3 units)

Fall 2019 Session 1 (August 19–Oct. 13)

- SLHS 300 Introduction to Language Science (3 units)
- SLHS 305 Hearing Science (3 units)
- SLHS 321 Anatomy and Physiology of Speech (4 units)

Fall 2019 Session 2 (Oct. 14–Dec. 8)

- SLHS 320 Phonetics (3 units)
- SLHS 340 Principles of Audiology (3 units)

Speech-Language Pathology Essentials

Speech-Language Pathology Essentials Courses

SLHS 300 Introduction to Language Science (3 units)

Structure, acquisition, processing, and neurological organization of language in typical and disordered communication.

SLHS 305 Hearing Science (3 units)

Concepts of hearing science. Components include physical acoustics, anatomy and physiology of auditory system, and psychoacoustics.

SLHS 320 Phonetics (3 units)

Principles of speech production and practical skills in discriminating and transcribing sounds of various dialects in English and other languages, as well as clinical populations. Competency in broad and narrow transcription, classification of speech sounds, and patterns of speech.

SLHS 321 Anatomy and Physiology of Speech (4 units)

Anatomy and physiology of respiratory, phonatory, and articulatory systems related to speech.

SLHS 340 Principles of Audiology (3 units)

Diagnostic audiology procedures: Pure-tone testing, masking, speech recognition testing and immittance. Integration and interpretation of results from the basic audiological test battery.

Prerequisite: Grade of C (2.0) or better in SLHS 305

SLHS 512 Phonological Acquisition and Disorders (3 units)

Phonology, phonological development, and phonological disorders as they relate to basic linguistic theory. Concepts considered through critical thinking and problem-solving.

Prerequisite: Grade of C (2.0) or better in SLHS 320

SLHS 513 Foundations of Speech-Language: Development (4 units)

Speech-language development as related to theories of language acquisition, development, and clinical practice in children from birth to school-age.

Prerequisite: SLHS 300, 320, and 321

SLHS 514 Foundations of Speech-Language: Differences and Disorders in Children (3 units)

Speech and language disorders and issues related to assessment of and intervention with children from culturally and linguistically diverse populations.

Prerequisite: SLHS 513

SLHS 539 Neuroanatomy and Disorders of Speech and Language (3 units)

Basic anatomy of the human neural system and its disorders as related to speech and language systems.

Prerequisite: SLHS 300, 305, and 321

The courses are offered through SDSU's College of Health and Human Services, in conjunction with SDSU's College of Extended Studies. The SLP Essentials program is open to students with a bachelor's degree or currently enrolled in a four-year institution, however the program is not open to students currently enrolled in an SDSU degree program. Completing SLP Essentials courses does not guarantee entry into any SDSU degree program.
